POSITION

Web Developer / Software Engineer

EXPERIENCE

The National Center for Supercomputing Applications, University of Illinois-UIUC
- A collegiate internship, where I wrote several instruction manuals on how to incorporate Augmented Reality using Java and the JARToolkit into Android applications.

Vibes Media, Chicago, IL
- A Ruby on Rails Apprenticeship where I worked with a small team to develop, maintain and improve an out of date automated regression tests suites with the Cucumber testing framework.

Kapow, Chicago, IL
- As a full stack Ruby on Rails developer on an AGILE team, I aided in story creation and completion in our week long sprints. The stories involved everything from Sidetiq triggered email reminders to standard, mobile focused web page creation with Google Analytics.

EDUCATION

Eastern Illinois University, Charleston, IL
- Bachelors of Science in Math and Computer Science,

Dev Bootcamp, Chicago, IL
- An intensive training targeting professional web development using Ruby on Rails

PROGRAMMING TECHNOLOGIES UTILIZED

Languages	Frameworks	Databases	Other
• Ruby	• Rails	• SQL	• Git

• Java			

PROJECTS • github.com/joe11000

Youtube Live Chat Troll Blocker -
https://chrome.google.com/webstore/detail/youtube-live-chat-troll-s/bcikajlocgcppeihfloalfdnpgfibdpk
- A chrome extension that injects JS and CSS, post page load, to blacklist commenters that are being annoying in your live Youtube chat room.

Telestrations - http://telestrations.herokuapp.com/
- A Rails 5 application that utilizes the Action Cable's websocket capabilities to play a fun drawing game with your friends.

Personal Site – joe-noonan-101.herokuapp.com

Unbeatable Tic-Tac-Toe – www.joe-tic-tac-toe.s3-website-us-east-1.amazonaws.com
- Independently created a game written in JavaScript with a Jasmine standalone testing framework.

ATHLETICS

Eastern Illinois University - Track and Field Team
- NCAA four time Ohio Valley Conference champion – Pole Vault
- Ohio Valley Conference -Freshman Athlete of the Year – Pole Vault
